

INNOVATIVE CAREER OPPORTUNITIES NOW

JUNE 18 – JULY 27

ICON SUMMER INTERNSHIP PROGRAM

RECRUITING APPLICANTS AND BUSINESS PARTNERS

The ICON Summer Internship Program is co-sponsored by the Cumberland County Schools (CCS), City of Fayetteville, Public Works Commission (PWC), and the NCWorks Career Center. The goal is to hire 30+ youth to work 32 hours per week for six weeks in positions in the Cumberland County area June 18 – July 27, 2018.

Interested youth can contact Nore Brantley at 910-864-5438 EXT. 759 or <http://cte.ccs.k12.nc.us/innovative-career-opportunities-now-icon/> for an application. Intern participants must meet eligibility requirements to include security, employability and drug screenings. Participants must also provide their own transportation to and from the internship site while working.

There are many benefits of work-based learning for young people and the employer. Our youth use internships to determine if they have an interest in a particular career, to create a network of contact and to gain valuable work experience. From an employer perspective, the commitment to hire one youth creates an opportunity to prepare and train future employees, improve employee retention and increase employer visibility in education. A healthy, well-trained workforce is the most valuable asset at any company, and by hiring our youth, you will be planting seeds for future employees loyal to your company. Business partners who would like to host an intern should also contact Nore Brantley at 910-864-5438 EXT. 759 or norebrantley@ccs.k12.nc.us or you can download the Worksite Request Form at <http://cte.ccs.k12.nc.us/innovative-career-opportunities-now-icon/>

Intern applicants must be Cumberland County residents between the ages of 16 & 24 for these Paid Internships

We are looking for local businesses to partner with us to provide internship opportunities

Businesses will fund internships for 32 hours per week for 6 weeks

The first 10 businesses to register are eligible for a \$500 scholarship toward the cost of the internship
